COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Mail Stop ISSUE FEE
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

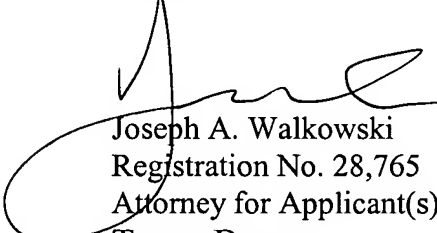

The Examiner indicates:

In view of the applicants filing of an RCE, IDS and amendments to claims 1-36 correcting minor typographical errors filed on October 4, 2004, the claims are in condition for allowance. The applicant stated in his response filed April 22, 2004 that the use of inverse precipitation such that the dry solvent solution is added to the non-solvent is not disclosed in the closest prior art Johnston et al., U.S.

5,874,574. Thus, none of the prior art of record or a search in the pertinent art area teaches the process of preparing epsilon polymorph 2,4,6,8,10,12-hexanitro-2,4,6,8,0,12-hexaazatetracyclo[5.5.0.0.^{5,9}0^{3,11}]-dodecane of the instant invention.

Applicants concur with the reasons as stated by the Examiner insofar as they comprise a summary, and are exemplary and not limiting. However, the independent claims as allowed include other and different language than that specified by the Examiner, and the allowed dependent claims include other and further features and elements. Accordingly, the scope of the claims must be determined from the literal language of each as a whole, as well as equivalents thereof.

Respectfully submitted,
